Control Software Development Activities at INAF OAPd

Tuesday 27 October 2020 11:20 (20 minutes)

In INAF-OAPd there is a long time experience in the development of control software for (mostly) ground-based Optical and Near Infra-Red astronomical instrumentation and telescopes. In this talk, I will give a brief overview of the past activities of the INAF-OAPd Control SW Group and will then introduce our current projects, all while trying to highlight aspects relevant to this Workshop.

Primary authors: BARUFFOLO, Andrea (Istituto Nazionale di Astrofisica (INAF)); BALESTRA, Andrea (Istituto Nazionale di Astrofisica (INAF)); BARONCHELLI, Ivano (Istituto Nazionale di Astrofisica (INAF)); DE PASCALE, Marco (Istituto Nazionale di Astrofisica (INAF)); FANTINEL, Daniela (Istituto Nazionale di Astrofisica (INAF)); RICCI, Davide (Istituto Nazionale di Astrofisica (INAF)); SALASNICH, Bernardo (Istituto Nazionale di Astrofisica (INAF))

Presenter: BARUFFOLO, Andrea (Istituto Nazionale di Astrofisica (INAF))

Session Classification: Overview 2
