

The Third National Workshop on the SKA Project - The Italian Route to the SKAO Revolution

Wednesday, 6 October 2021

Nearby Universe: chair C. Trigilio (17:00 - 18:00)

time	[id] title	presenter
17:00	[31] SKA continuum observations to study star formation in nearby galaxies	PALADINO, Rosita
17:20	[10] DustPedia & MeerKAT: Focus on the HI gas in the star formation process	CASASOLA, Viviana
17:40	[40] Comparing APERTIF HI statistics with baryonic scaling relations in the Local Universe	HUNT, Leslie Kipp

Thursday, 7 October 2021

Nearby Universe: chair I. Prandoni (09:30 - 10:50)

time	[id] title	presenter
09:30	[6] LeMMINGS: the eMERLIN radio legacy survey of nearby galaxies	BALDI, Ranieri Diego
09:50	[51] The cold gas component and jet-ISM interplay in nearby low-excitation radio galaxies	RUFFA, Ilaria
10:10	[60] Cold gas in nearby radio galaxies	MACCAGNI, Filippo
10:30	[52] Galaxy dynamics in the era of large HI surveys	LELLI, Federico
