

Baracchi III: The third Pietro Baracchi conference

Thursday, 4 November 2021

The European Southern Observatory (ESO): chair S. Ryder (07:40 - 09:00)

time	[id] title	presenter
07:40	[16] Understanding galaxy transformation using spatially-resolved stellar kinematics from the MAGPI survey	MENDEL, Trevor
08:00	[17] MAVIS: The MCAO-Assisted Visible Imager and Spectrograph for the VLT	MCDERMID, Richard
08:20	[18] High redshift galaxies under the microscope with future adaptive optics facilities	VANZELLA, Eros
08:40	[19] From large spectroscopic surveys to the next generation of instruments for the study of resolved stellar populations	MAGRINI, Laura
