

International Conference on Machine Learning for Astrophysics - ML4Astro

Monday, 30 May 2022

Supervised Learning: Session 1 (09:30 - 10:10)

-Conveners: Eva Sciacca

time	[id] title	presenter
09:30	[1] Stellar populations of massive young clusters using supervised machine learning	MUZIC, Koraljka
09:50	[2] Youth analysis of low-mass stars and brown dwarfs using machine learning methods	ALMENDROS-ABAD, Víctor
