

International Conference on Machine Learning for Astrophysics - ML4Astro

Monday, 30 May 2022

Deep Learning: Session 1 (16:10 - 16:50)

-Conveners: Andrea DeMarco

time	[id] title	presenter
16:10	[8] A Convolutional Neural Network to characterise the internal structure of stars	SUÁREZ, Juan Carlos
16:30	[7] Deep learning searching for cluster galaxies from multi-band imaging and extensive spectroscopy	ANGORA, Giuseppe
