

# Galaxies & AGN with the First Euclid data and beyond

## Friday, 16 September 2022

### Day 3: Plenary Session 9: Spectroscopy (16:30 - 18:30)

time	[id] title	presenter
16:30	[119] L. Gabarra - Euclid PILOT spectral simulations	
16:40	[120] M. Jafariyazani - Self Organizing Maps as a tool to infer spectroscopic features of galaxies from their broadband colors	
16:50	[121] Discussion: galaxies	
17:25	[122] Discussion: AGN
