

Galaxies & AGN with the First Euclid data and beyond

Friday, 16 September 2022

Day 3: Plenary Session 10: Photometry (14:30 - 16:00)

time	[id] title	presenter
14:30	[123] A. Enia - Characterizing the evolution of galaxy physical properties relation with machine learning	
14:40	[125] L. Bisigello - Selecting AGN using observed Euclid colors	
14:50	[126] Discussion: Galaxies	
15:25	[127] Discussion: AGN
