

INAF USC VIII - Calcolo Critico

Friday, 16 June 2023

Radio Astronomy - Aula videoconferenze (piano terra) (09:00 - 10:35)

time	[id] title	presenter
09:00	[36] (INVITED) Radioastronomy: the path toward next generation computing	BOTTEON, Andrea GHELLER, Claudio
09:20	[17] Development of radio source detection and classification tools for SKA precursors	Dr RIGGI, Simone
09:35	[24] Broad-band radio observations in the SKA era: the case of the galaxy group Nest200047	BRIENZA, Marisa
09:50	[26] Energy efficiency in Data Reduction for Imaging in a Radio Astronomy pipeline	LACOPO, Giovanni
10:05	[29] Reducing MeerKAT data of the Galactic Plane	INGALLINERA, Adriano
10:20	[31] Remote Visualization of Big Data: VisIVO as a Visualization Prototype for SKA Regional Centres	TUDISCO, Giuseppe
