

# PLATO Science in Italy: ready to data exploitation?

## Wednesday 27 September 2023

### Session 6 - From Formation to Architectures: expected gain, challenges (exomoons, rings, ...) - Aula Ovest (10:45 - 11:15)

time	[id] title	presenter
10:45	[39] Frequency of Jupiter analogs in small-planet systems to understand the formation of short-period super- Earths/sub-Neptunes and our Solar System. The fundamental role of PLATO	BONOMO, Aldo Stefano

### Session 6 - From Formation to Architectures: expected gain, challenges (exomoons, rings, ...) - Aula Ovest (11:45 - 13:30)

time	[id] title	presenter
11:45	[40] The contribution of PLATO to the quest for young exoplanets	BENATTI, Serena
12:15	[41] A follow-up of the very young multi-planet system V1298 Tau	DAMASSO, Mario
12:35	[42] TTV e TDV	BORSATO, Luca
12:55	[43] Exoplanets in star clusters	NARDIELLO, Domenico
13:15	[44] Session 6 discussion chaired by	NASCIMBENI, Valerio
