

PLATO Science in Italy: ready to data exploitation?

Wednesday 27 September 2023

Session 7 - Star-Planet interaction - Aula Ovest (14:30 - 16:00)

time	[id] title	presenter
14:30	[45] Studying angular momentum distribution in transiting planetary systems with PLATO. The role of tidal and magnetic star-planet interactions	LANZA, Antonino Francesco
15:00	[46] Analysis of flares in TESS light curves	COLOMBO, Salvatore
15:15	[47] White-light stellar flares at high cadence: what can PLATO tell us about the impact of flares on exoplanets?	BRUNO, Giovanni
15:30	[48] SPI @high energies and possible synergies with PLATO	PILLITTERI, Ignazio Francesco
15:45	[49] Session 7 discussion chaired by	MESSINA, Sergio
