

The Fourth National Workshop on the SKA Project

Tuesday, 28 November 2023

Plenary - Scientific Highlights on the Pathway to the SKAO: (chair Gianni Bernardi) - Aula Magna (09:00 - 11:00)

time	[id] title	presenter
09:00	[168] EoR, Cosmic Dawn and the SKA	MURRAY, Steven
09:30	[165] Late-time cosmology with the SKA Observatory	SPINELLI, Marta
10:00	[193] HI Galaxy Science with SKA and Pathfinders	LELLI, Federico
10:30	[192] Tracing the cosmic assembly of supermassive black holes and galaxies in the SKA era	Dr DELVECCHIO, Ivan

Plenary - Scientific Highlights on the Pathway to the SKAO: (chair Rossella Cassano) - Aula Magna (14:30 - 16:00)

time	[id] title	presenter
14:30	[23] Paving the way to SKA observations of galaxy clusters with pathfinder and precursor instruments	BOTTEON, Andrea
15:00	[191] The magnetized Universe	LOI, Francesca
15:30	[162] Pulsars science towards the SKA	BURGAY, Marta

Plenary - Scientific Highlights on the Pathway to the SKAO: (chair Corrado Trigilio) - Aula Magna (16:30 - 18:30)

time	[id] title	presenter
16:30	[185] Galactic science with SKA & precursors: towards the sharpest view of Our Galaxy	BORDIU, Cristobal
17:00	[161] Astrochemistry of protoplanetary disks on the Solar System scale: living ALMA, preparing SKA	CODELLA, Claudio
17:30	[189] Galactic transients: X-ray binaries: accretion & feedback around stellar-mass compact objects	Dr MOTTA, Sara Elisa
18:00	[27] Fast Radio Bursts in the SKA era	PILIA, Maura
