

**Session Program**

**15-17 Jan 2024**

**1st VHEGAM meeting**

***Transients and Fundamental Physics***

Bologna

# Tuesday 16 January

09:00

## Transients and Fundamental Physics

**Session** | **Location:** Bologna**09:00–09:45** **Transients with LST****Speaker**

Alessio Berti

**09:45–10:15** **GRB Science with LST****Speaker**

Davide Miceli

**10:15–10:25** **Neutrino Target of Opportunity for CTA****Speaker**

Gloria Cicciari

**10:25–10:55** **Coffee break****10:55–11:05** **Alternative tiling strategies for transient events****Speaker**

Alessandro Vigliano

**11:05–11:15****Insights into the physics of very high energy transient events with imaging atmospheric Cherenkov telescopes****Speaker**

Andrea Simongini

**11:15–12:00** **Fundamental Physics****Speaker**

Dr Francesco Gabriele Saturni

**12:00–12:30** **IGMF with LST****Speaker**

Paolo Da Vela

12:30
