

# TOSCA - Topical Overview on Star Cluster Astrophysics

## Wednesday 30 October 2024

### Stellar wind physics (09:00 - 13:10)

-Conveners: Niccolo' Bucciantini; Jorick Vink

time	[id] title	presenter
09:00	[31] Review Stellar Wind Physics -1	SUNDQVIST, Jon
09:35	[32] Review: Wolf-Rayet winds	SANDER, Andreas
10:10	[33] Winds from very massive stars	SABHAHIT, Gautham
10:40	[34] Colliding Winds and non-Thermal emission	PITTARD, Julian
11:10	Coffee break	
11:40	[35] Stellar wind simulations and bow shocks	MACKEY, Jonathan
12:10	[36] X-rays from the Winds of Massive Stars	OWOCKI, Stan
12:40	[37] Stellar Physics and the Chemical Enrichment of the ISM from Massive Stars	LIMONGI, Marco
