Programme

The conference program is regularly updated with minor modifications on the conference website:

<https://indico.ict.inaf.it/event/3000/page/1433-conference-program>

Please take time to check it regularly and verify your assigned time slot.

Duration of the talks:

- Invited talks (30 min) -> 25 min talk + 5 min questions
- Invited and contributed talks (20 min) -> 15 min talk + 5 min questions
- Contributed talks (15 min) -> 12 min talk + 3 min questions

Talks

During the sessions all the presentations will be collected and presented by a computer in the room.

The preferred format is pdf, but powerpoint is also available. Please upload your presentation before your session, possibly before the day before. You can use the breaks to check your presentation on the room computer. If you have special needs, please contact a member of the LOC at the conference venue.

Once the presentation is uploaded on Indico, it is **publicly available**, so please be careful about the content.

If you experience problems in uploading your file in the Indico page (recommended option), or you don't want to share your presentation in the current version, you can put it in this shared folder under the day of your session:

Posters

There is a poster exhibition in Room “Hall 1” (same floor as the conference room)

You are invited to upload the pdf as an e-Poster too (see next).

e-Posters

All the poster contributions will be displayed on the conference website as an e-poster.

The e-posters will be **publicly available** on the conference website, so please be careful about the content of your poster. You can prepare your poster as a single-page pdf file and upload it to the page "My conference"-> "My contributions" -> Title of your poster. Then you have to click on "Presentation material". You have to own an Indico account in order to manage your contribution. So in order to visualize the page "My contributions", you should be logged in with your Indico credentials obtained when you registered to Indico at the moment of your abstract submission. If you experience problems in uploading your file in the Indico page (recommended option), you can put it in a shared folder. You have received a link to the folder via email.
