

Session Program

26-31 May 2025

INAF PhD School Francesco Lucchin - Asiago 2025: From the solar system to high redshift galaxies

High redshift galaxies

Asiago (VI)

Tuesday 27 May

09:30

11:00

16:30

18:00

High redshift galaxies: Prof. Ferrara

Session | Location: Asiago (VI)

High redshift galaxies: Prof. Ferrara

Session | Location: Asiago (VI)

Wednesday 28 May

09:00

10:30

16:00

17:30

High redshift galaxies: Prof. Oesch

Session | Location: Asiago (VI)

High redshift galaxies: Prof. Haardt

Session | Location: Asiago (VI)

Thursday 29 May

11:00

12:30

14:00

15:30

High redshift galaxies: Prof. Pentericci

Session | Location: Asiago (VI)

High redshift galaxies: Prof. Haardt

Session | Location: Asiago (VI)

Friday 30 May

09:00

10:30

14:00

15:30

High redshift galaxies: Prof. Pentericci

Session | Location: Asiago (VI)

High redshift galaxies: Prof. Oesch

Session | Location: Asiago (VI)

Saturday 31 May

09:00
10:30

High redshift galaxies: Prof. Oesch
Session | **Location:** Asiago (VI)
