

Session Program

15-19 Sept 2025

LGWA

Lunar science

Polo Didattico di San Benedetto, University of Camerino
Lungomare Scipioni, 6 - 63074 San Benedetto del Tronto (AP)

Wednesday 17 September

16:30

Lunar science

Session |**Location:** Polo Didattico di San Benedetto, University of Camerino, Lungomare Scipioni, 6 - 63074 San Benedetto del Tronto (AP) |**Convener:** Angela Stallone

16:30–16:55

Planetary Wavefield Simulations: Methods and Applications (online)

Speaker

Lion Krischer

16:55–17:20

Observing, characterizing, and inverting lunar ground motions for near-surface structure

Speaker

Heiner Igel

17:20–17:45

Single station inference

Speaker

Sheng Wang

18:00

Thursday 18 September

16:30

Lunar science

Session |**Location:** Polo Didattico di San Benedetto, University of Camerino, Lungomare Scipioni, 6 - 63074 San Benedetto del Tronto (AP) |**Convener:** Sheng Wang

16:30–16:55

Digging Deeper: VIPER and the Foundations toward Lunar Sustainability (online)

Speaker

Caitlin Ahrens

16:55–17:20

Echoes from the Planetary Cores

Speaker

Hrvoje Tkalčić

17:20–17:45

Imaging the Moon using scattered waves

Speaker

Luca De Siena

18:00
