

## **Session Program**

**10-12 Feb 2026**

# **Multimessenger astronomy in the Einstein Telescope Era**

## ***Searches and classification of EM counterparts***

Padova  
Palazzo della Salute, Via San Francesco 90

## Tuesday 10 February

16:30

### Serches and classification of EM counterparts

**Session | Location:** Padova, Palazzo della Salute, Via San Francesco 90 | **Convener:** Andrea Melandri

16:30-16:40 **INAF facilities for GW-EM follow-up**

**Speaker**

Paolo D'Avanzo

16:40-16:50

### ENGRAVE: Electromagnetic counterparts of gravitational wave sources at the Very Large Telescope and beyond

**Speaker**

Om Sharan Salafia

16:50-17:00

### Time Domain and Multi-messenger Astronomy @ INAF with Rubin Telescope

**Speaker**

Silvia Piranomonte

17:00-17:10 **Transient search with Euclid and the EMMETT project**

**Speaker**

Vincenzo Petrecca

17:10
