

## **Session Program**

**10-12 Feb 2026**

# **Multimessenger astronomy in the Einstein Telescope Era**

## ***Collaboration meeting***

Padova  
Palazzo della Salute, Via San Francesco 90

## Wednesday 11 February

14:30

### Collaboration meeting

**Session** | **Location:** Padova, Palazzo della Salute, Via San Francesco 90

14:30–14:50

#### **The GAL Hassin Wide-field Mufara Telescope (WMT): a key facility in the multi-messenger astronomy era**

**Speakers**

Alessandro Nastasi, Sabrina Masiero

14:50–15:10

#### **Boosting Inference for Gravitational-Wave Astrophysics**

**Speaker**

Giulia Capurri

15:10–15:25

#### **Kilonova modelling and GW-EM combined analysis - 1**

**Speaker**

Mattia Bulla

15:25–15:40

#### **Kilonova modelling and GW-EM combined analysis - 2**

**Speaker**

Albino Perego

15:40–15:50

#### **Overview of the Astrophysics Centre for Multi-messenger studies in Europe**

**Speaker**

Andrea Melandri

16:00

16:30

### Collaboration meeting

**Session** | **Location:** Padova, Palazzo della Salute, Via San Francesco 90

16:30–18:00

#### **Presentation of the WGs - WG leaders**

18:00

## Thursday 12 February

09:00

### Collaboration meeting

**Session** | **Location:** Padova, Palazzo della Salute, Via San Francesco 90

10:30

09:00–10:30

**The future of GRAWITA: science topics**

11:00

### Collaboration meeting

**Session** | **Location:** Padova, Palazzo della Salute, Via San Francesco 90

12:30

11:00–12:30

**The future of GRAWITA: organization**
