

Session Program

04-08 mag 2026

LXVII Congresso Annuale della Società Astronomica Italiana

Cosmologia

L'Aquila
Consiglio Regionale dell'Abruzzo (Palazzo dell'Emiciclo) Via Michele Iacobucci 4, 67100 L'Aquila (AQ),
Italia

mar 5 maggio

15:00

Cosmologia

Sessione

15:00-15:25

Precision measurements of the cosmic microwave background: extreme physics and cosmology

Relatore

Prof. de Bernardis, Paolo

15:25-15:45

Testing the Cosmological Model in the Next Decade: Gravitational Waves, Large-Scale Structure, and the CMB

Relatore

Dr. Carbone, Carmelita

15:45-15:58

Generation of gravitational waves in warm inflation via Bogoliubov coefficients

Relatore

Mengoni, Tommaso

15:58-16:10

The EXPANSION CENTER of the UNIVERSE as a NEW SCIENTIFIC PARADIGM for a REVOLUTION IN COSMOLOGY

Relatore

Lorenzi, Luciano

16:10
