

DEUTSCHES
HAFENMUSEUM

From Ceres to Neptune: Piazzzi's observational legacy and the development of nineteenth century start-chart surveys.

30 SEPTEMBER 2026

Klaus Bernhard Staubermann

**DEUTSCHES
HAFENMUSEUM**

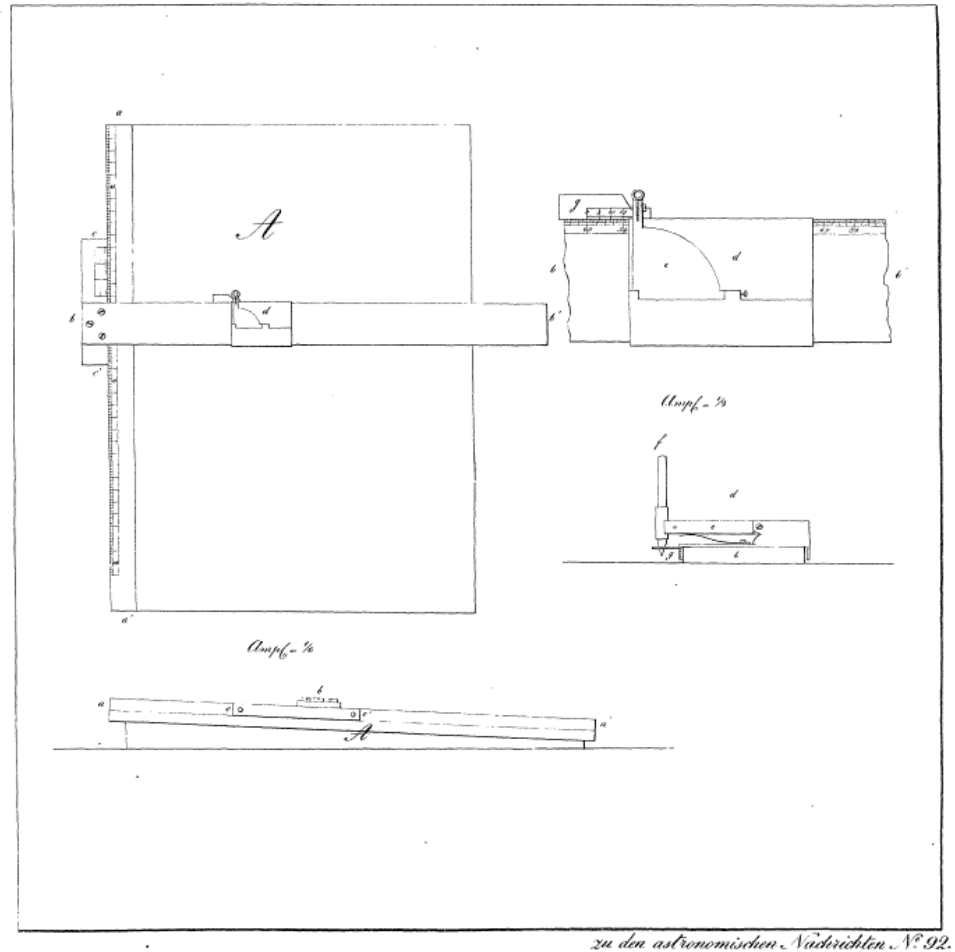

A replica of an early 19th century telescope that was used for redoing the historic observations.

DEUTSCHES
HAFENMUSEUM

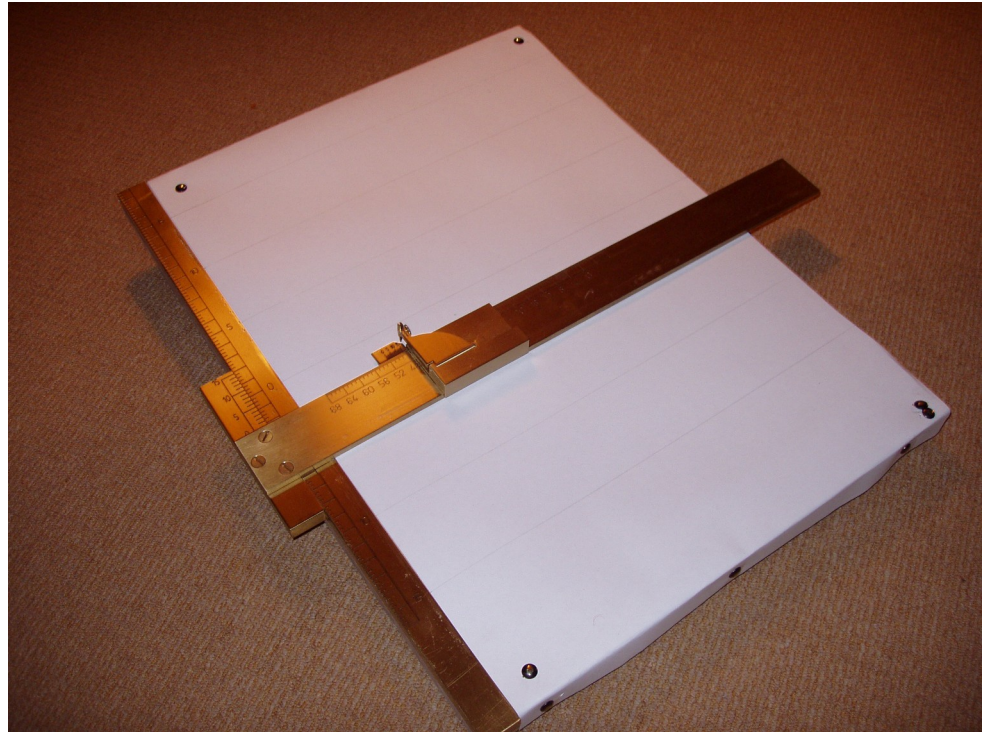

Original drawing of Carl
Steinheil's drawing board,
Published in 1826.

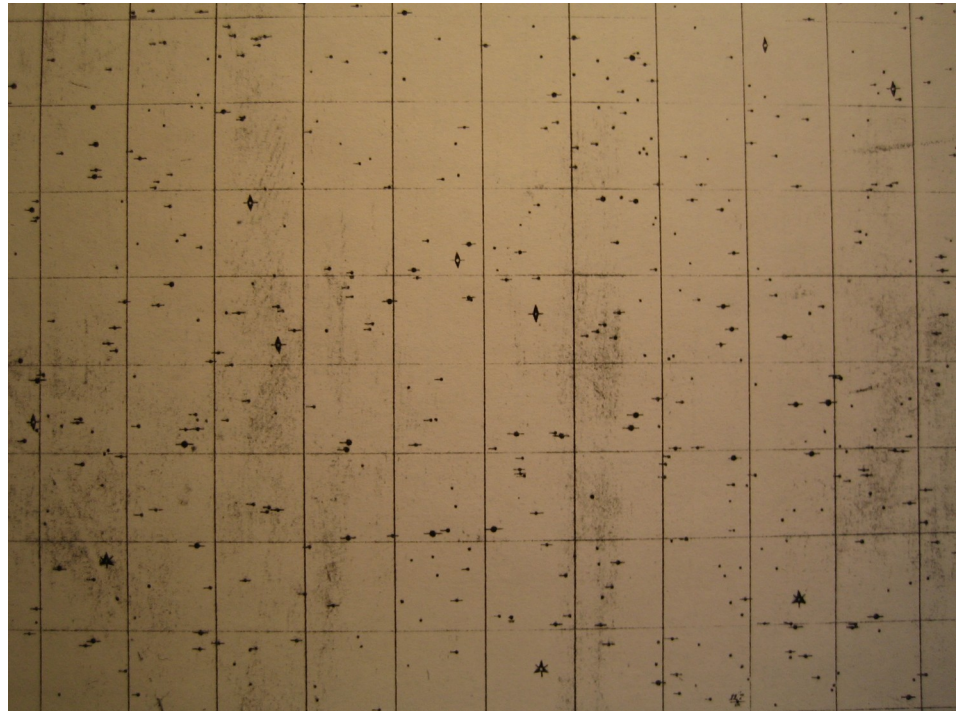

DEUTSCHES
HAFENMUSEUM

The replicated star-chart drawing board. Note the horizontal and vertical scales and the pin-construction for marking fundamental (catalogue) stars.

Section of star-chart
Hora 23 by the
observer
C.-L. Harding, now kept
at the Berlin-Branden-
burgische Akademie
der Wissenschaften

**DEUTSCHES
HAFENMUSEUM**

THANK YOU!
