Radio Astronomy IG

Mark Kettenis & (expect news soon)

IVOA Interop, Boorloo/Perth, 6 November 2026

Radio IG activities

- Radio ObsCore Extension
  - Note submitted to TCG for endorsement
  - Endorsed at TCG meeting yesterday
  - **For next steps: Data Modeling plenary (Saturday @11:00)**
- Joint session with (Radio) Advanced Data Products Coordination Group
  - Data product types like Catalogues, Spectral Lines, Cubes, but also **calibrated** visibilities
  - Clear interest in working together on various topics:
    - Data access protocols
    - Provenance
