The Sardinia Radio Telescope (I)

Wednesday, 27 June 2018 15:40 (20 minutes)

In this talk, I will review the current status of the Sardinia Radio Telescope and the near-future technical developments. In particular, I will discuss the new generation receivers and focus on the spectroscopic capabilities of the telescope and on the impact that the SRT could have in the field of star formation .

Presenter: LEURINI, Silvia

Session Classification: Jets and winds (chair C. Codella)
