

X-RAY ASTRONOMY 2019

Current Challenges and New Frontiers in the Next Decade

8-13 September 2019
CNR/INAF Research Area, Bologna, Italy

Contribution ID: 289

Type: **Review**

Accreting black holes in X-ray binaries

Monday, 9 September 2019 16:55 (30 minutes)

I will review recent (and not so recent) results on accretion and ejection processes in X-ray binaries.

Topic

Multi-messenger and transient astronomy

Affiliation

IRAP (CNRS / Universite de Toulouse)

Primary author: Dr MALZAC, Julien (IRAP (CNRS / Universite de Toulouse))

Presenter: Dr MALZAC, Julien (IRAP (CNRS / Universite de Toulouse))

Session Classification: COMPACT AND DIFFUSE SOURCES IN GALAXIES & IN THE GALACTIC CENTER
