

ALMA2019: Science Results and Cross-Facility Synergies

Monday, October 14, 2019

Stellar Evolution: Stellar evolution and the Sun (5:55 PM - 6:50 PM)

time	[id] title	presenter
5:55 PM	[30] Solar Astronomy with ALMA	Dr WEDEMEYER, Sven
6:20 PM	[31] "Probing the thermal structure of the solar chromosphere with ALMA and optical/NIR observations "	Dr GARY, Dale
6:35 PM	[32] A cool puzzle in the solar atmosphere	Dr WHITE, Stephen

Thursday, October 17, 2019

Stellar Evolution: Stellar evolution and the Sun (5:10 PM - 6:35 PM)

time	[id] title	presenter
5:10 PM	[78] ALMA observes the aftermath of mergers of non-compact stars	Dr KAMINSKI, Tomasz
5:35 PM	[80] Shaping of the stellar wind of evolved red giants and their successors by (sub-)stellar binary companions	Dr DECIN, Leen
5:50 PM	[81] ALMA unveils highly collimated jets in evolved stars	Dr TAFOYA, Daniel
6:05 PM	[82] HCN laser lines in carbon-rich evolved stars	Dr WONG, Ka Tat
6:20 PM	[83] Tracing the mass loss history of WX Psc with ALMA and KVN	Dr YUN, Youngjoo
