

16th European Solar Physics Meeting

Monday, September 6, 2021 - Friday, September 10, 2021

Online

Scientific Program

Confirmed invited speakers

Axel Brandenburg (SE)

Lakshmi Pradeep Chitta (DE)

Sanja Danilovic (SE)

Louise Harra (CH)

Andrew Hillier (GB)

Natasha Jeffrey (GB)

Laurene Jouve (FR)

Larisa Kasapova (RU)

Ioannis Kontogiannis (DE)

Simone Landi (IT)

Eric Priest (GB, ESPD senior prize winner)

Marco Velli (US)

Session 1 - Solar Interior, Dynamo, Large-Scale Flows and the Solar Cycle

Solar Interior, Dynamo, Large-Scale Flows and the Solar Cycle

Session 2 - The Solar Atmosphere: Heating, Dynamics and Coupling

The Solar Atmosphere: Heating, Dynamics and Coupling

Session 3 - Fundamental Plasma Processes in the Solar Atmosphere: Magnetic Reconnection, Waves, Emission, Particle Acceleration

Fundamental Plasma Processes in the Solar Atmosphere: Magnetic Reconnection, Waves, Emission, Particle Acceleration

Session 4 - From Radio to Gamma Rays: Near-Sun Manifestations and Triggering of Solar Flares and Coronal Mass Ejections

From Radio to Gamma Rays: Near-Sun Manifestations and Triggering of Solar Flares and Coronal Mass Ejections

Session 5 - Solar-Terrestrial Relations, Solar Wind, Space Weather and Space Climate

Solar-Terrestrial Relations, Solar Wind, Space Weather and Space Climate
