

16th European Solar Physics Meeting

Thursday, 9 September 2021

Poster Session 9.5 (09:00 - 10:31)

-Conveners: Emilia Kilpua

time	[id] title	presenter
09:00	[292] Spike-like structures near the front of type-II bursts from ARTEMIS-JLS and NRH observations	ARMATAS, Spyros
09:13	[211] Solar energetic electron events and their related radio emission signatures	SAMWEL, Susan
09:26	[473] Failed eruption stopped at the distance of 3 R _⊙ from the photosphere.	MROZEK, Tomasz
09:39	[537] Erupting cavity observed on 15 May 2012	BAK-STESLICKA, Urszula
09:52	[234] Precursors of solar flares in microwave range	Dr ABRAMOV-MAXIMOV, Vladimir
