

## Session Program

6-10 Sept 2021

## 16th European Solar Physics Meeting

### *Poster Session 9.5*

Online

# Thursday 9 September

09:00

## Poster Session 9.5

**Session** | **Location:** Online | **Convener:** Emilia Kilpua

09:00–09:13

### **Spike-like structures near the front of type-II bursts from ARTEMIS-JLS and NRH observations**

**Speaker**

Spyros Armatas

09:13–09:26

### **Solar energetic electron events and their related radio emission signatures**

**Speaker**

Susan Samwel

09:26–09:39

### **Failed eruption stopped at the distance of 3 R<sub>0</sub> from the photosphere.**

**Speaker**

Tomasz Mrozek

09:39–09:52

### **Erupting cavity observed on 15 May 2012**

**Speaker**

Urszula Bak-Steslicka

09:52–10:05

### **Precursors of solar flares in microwave range**

**Speaker**

Dr Vladimir Abramov-Maximov

10:31
