

Session Program

6-10 Sept 2021

16th European Solar Physics Meeting

Poster Session 10.5

Online

Thursday 9 September

11:00

Poster Session 10.5

Session | **Location:** Online | **Convener:** Alessandro Bemporad

11:00-11:13 **Initiation And Early Kinematic Evolution Of Solar Eruptions**

Speaker

Dr Xin Cheng

11:13-11:26

Variations of field-aligned currents and ionospheric trough during September 2017 geomagnetic storm

Speaker

Ms Agata Chuchra

11:26-11:39

Two-fluid simulations of Rayleigh-Taylor instability in a magnetized solar prominence thread: Magnetic structure formation

Speaker

Vyacheslav S. Lukin

11:39-11:52 **Magnetic flux emergence and solar eruptions**

Speaker

Vasileos Archontis

12:31
