

16th European Solar Physics Meeting

Wednesday, 8 September 2021

Poster Session 8.4 (16:30 - 18:01)

-Conveners: Francesca Zuccarello

time	[id] title	presenter
16:30	[516] Catalogue of hot jets in the solar corona	ANFINOGENTOV, Sergey
16:43	[344] Thermal modelling of the middle solar corona	KATSIYANNIS, Thanassis
16:56	[178] Sunspot oscillations in Ca II 854.2 nm	Dr FELIPE, Tobias
17:09	[360] Seismology of coronal active regions with decayless kink oscillations	NAKARIAKOV, Valery
17:22	[353] Role of whistlers in the formation of electron energy spectrum in flares	MELNIKOV, Victor
17:35	[351] Transverse oscillations of solar filaments with SDO/AIA observations in 304 A spectral line	SMIRNOVA, Victoria
