

## Session Program

6-10 Sept 2021

## 16th European Solar Physics Meeting

### *Poster Session 10.4*

Online

# Thursday 9 September

11:00

## Poster Session 10.4

Session | Location: Online | Convener: Francesca Zuccarello

11:00-11:13

### Magnetoseismology for the solar corona: from ~10 Gauss to coronal magnetograms

Speaker

Zihao Yang

11:13-11:26

### MHD waves in chromospheric fibrillar structures as observed with ALMA

Speaker

Maryam Saberi

11:26-11:39

### Polarity relevance in flux rope deflections triggered by coronal holes

Speaker

Abril Sahade

11:39-11:52

### Flares Associated with Slowly Positively Drifting Bursts Observed in 800-2000 MHz

Speaker

Dr Alena Zemanova

12:31
