

## On the way to the SKA Regional Centres

*Thursday, 24 October 2019 16:40 (25 minutes)*

The SKA Regional Centres (SRCs) will host a significant fraction of the computational and storage capabilities of the SKA1 telescopes. The talk will report on the ongoing discussion process for establishing policies and basic working mechanisms of SRCs across the world.

**Presenter:** POSSENTI, Andrea (Istituto Nazionale di Astrofisica (INAF))

**Session Classification:** ICT & Science - Grandi progetti necessita'e criticita'
