

Workshop Laboratorio Spettroscopia INAF

Tuesday, 11 June 2019

Artificial Intelligence and New technologies (11:40 - 13:10)

-Conveners: Stefano Zibetti

time	[id] title	presenter
11:40	[37] Astroinformatics and Astrophysics, a virtuous synergy in the Big Data era	BRESCIA, Massimo
12:10	[38] Data processing for high-resolution spectroscopy: today and tomorrow	CUPANI, Guido
12:30	[39] SyNaLoTA, a web infrastructure for astrophysical data analysis and exploration	RICCIO, Giuseppe
12:50	[40] Is this lab properly aimed? Optimizing data quality and analysis by focusing on the design, calibration and maintenance of the spectrometers.	OLIVA, Ernesto
