

Astrophysical Polarimetry in the Time-Domain Era

Wednesday, 31 August 2022

Polarization and instruments (09:40 - 10:30)

-Conveners: Markus Böttcher

time	[id] title	presenter
09:40	[132] A polarized view on how to design astronomical instrumentation	Prof. SNIK, Frans
10:15	[110] Time-domain polarimetry with RoboPol	MANDARAKAS, Nikolaos

Polarization and instruments (11:10 - 12:15)

-Conveners: Markus Böttcher

time	[id] title	presenter
11:10	[137] Polarimetry at the Liverpool Telescope with the RINGO and MOPTOP instruments	STEELE, Iain
11:45	[103] The New Robotic Telescope's Polarimetry Plan	JERMAK, Helen
