

# Astrophysical Polarimetry in the Time-Domain Era

## Tuesday, 30 August 2022

### Polarization and surveys, etc. (16:50 - 18:15)

-Conveners: Heloise Stevance

time	[id] title	presenter
16:50	[99] Everything Everywhere All At Once: Widefield Broadband Time-Domain Spectropolarimetry of the Radio Sky	Prof. GAENSLER, Bryan
17:25	[65] Magnetic Polarization in the Dense Interstellar Medium	Dr PILLAI, Thushara
18:00	[118] Unveiling the Magnetic Fields around Galactic Center	LAI, Shih-Ping

# Wednesday, 31 August 2022

## Polarization and surveys, etc. (09:00 - 09:35)

-Conveners: **Heloise Stevance**

time	[id] title	presenter
09:00	[140] Interstellar polarization in imaging polarimetry of supernovae	Dr GONZALEZ-GAITAN, Santiago
09:20	[105] Polarization patterns in the sky	PEREIRA, Beatriz
