

# Astrophysical Polarimetry in the Time-Domain Era

## Thursday, 1 September 2022

### Polarization and fundamental physics (11:55 - 13:00)

-Conveners: Kenji Toma

time	[id] title	presenter
11:55	[147] Polarimetric observation to hunt axion dark matter	FUJITA, Tomohiro
12:30	[141] LIV constraints derived from INTEGRAL observations of polarized GRB	LAURENT, Philippe
